CRYPTO EXCHANGE RATE FEED (KRAKEN)

Optional rate feed available for crypto currencies, reflecting the need for more timely exchange rate information for the often volatile crypto currencies market. The feature uses information obtained from the Kraken crypto exchange. Supported crypto currencies include BTC, ETH, USDT, XRP & LTC where the main configured currency in EBANQ is one of the fiat currencies: EUR, USD, GBP, CAD, JPY, AUD or CHF.

Yearly subscription: **EUR 750.00**

INTERCOM MODULE (CHAT WIDGET)

An integration module for Intercom for real-time conversational engagement and support in order to enhance the customer experience and provide a more targeted real-time experience for logged-in users. The feature, when enabled, leads to an Intercom chat widget outputting to the end-user on all screens of the EBANQ application.

Single payment: **EUR 2,500.00**

MULTI LANGUAGE MODULE

A tool for administrators to manage the languages available for end-users and for end-users to set their language preference.

* Module with one additional language included (in addition to default English)

BATCH IMPORT TRANSFER REQUESTS (OWT)

For business end-users to quickly create multiple Outgoing Wire Transfer (OWT) requests in bulk via csv import. A tool of convenience and improved user experience for any user making frequent payments and an absolute must for companies making for example affiliate payouts.

Single Payment: **EUR 3250.00**

ADDITIONAL CURRENCIES

EBANQ comes with 33 currencies as standard. Exchange rates for these currencies can be automatically updated using the European Central Bank (ECB) rate feed. In addition to these currencies we can also add any additional unit of value (not covered by ECB rate feeds) including digital/crypto currencies.

*Discounts available for multiple currencies.

Single Payment: **EUR 500.00 / Currency**

EBANQ SANDBOX

We can offer a clone of your system in order to facilitate test features, API integrations etc. Your sandbox will have all the features of your production environment and exist in parallel for as long as you need it. We do not charge any server configuration or system deployment fee for sandbox setups.

Sandbox Subscription **EUR 250.00 / Month**

More Expansion Modules will follow soon.
